More inclusions listed on our website.

You'll cruise in comfort with power steering, 5-speed sports automatic transmission and cruise control, plus dual air conditioning. It also features a GPS navigation system – never be lost again! Add in the safety of 6 airbags and ABS brakes, and you're well on the way to a great holiday. Sliding doors on both sides of the vehicles provide convenient, easy access, day or night and there's a roof pod for extra storage with a side awning to relax outdoors. A camping 'pod' at the rear of the vehicle includes a small kitchenette, with a portable gas cooktop and cooking and eating utensils. The living area is compact, with an airiness created by all-round windows and curtains to provide privacy when needed. Inside you'll find your 12 volt cooler (portable fridge) which can be stored in the drivers cabin for space.

At the end of the day, the dining area converts for sleeping.
