Embark on unforgettable journeys with our 4-berth hi-top campervan, the perfect companion for your road trips and explorations. Powered by a reliable and economical petrol engine, every mile becomes an opportunity to discover new horizons. With automatic transmission and the safety of dual airbags, this air-conditioned and well equipped vehicle combines touring with easy living and economy. You'll find the living area practical, compact and well organised, with an airiness created by the all-round windows. Curtains provide privacy when needed. A solar panel on the roof helps maintain the auxiliary battery for the living quarters where you'll enjoy the 40 cm (16 inch) HD flat screen TV/DVD/CD. At the end of the day, the dining area converts to a double bed, and an overhead bunk in the roof area can accommodate 2 children (under 16 years old). Your journey starts here—embrace the road ahead with comfort, style, and unparalleled freedom.

- WASHING UP FACILITY (LARGE PLASTIC TUB)
- FOLD OUT TABLE AT REAR OF VEHICLE
- 240 VOLT POWER CORD
- FIRE EXTINGUISHER

You'll cruise in comfort with power steering, 5-speed sports automatic transmission and cruise control, plus dual air conditioning. It also features a GPS navigation system – never be lost again! Add in the safety of 6 airbags and ABS brakes, and you're well on the way to a great holiday. Sliding doors on both sides of the vehicles provide convenient, easy access, day or night and there's a roof pod for extra storage with a side awning to relax outdoors. A camping 'pod' at the rear of the vehicle includes a small kitchenette, with a portable gas cooktop and cooking and eating utensils. The living area is compact, with an airiness created by all-round windows and curtains to provide privacy when needed. Inside you'll find your 12 volt cooler (portable fridge) which can be stored in the drivers cabin for space. At the end of the day, the dining area converts for sleeping.

| | • DUAL AIRBAGS | <input checked="" type="checkbox"/> |

The best roof top tent creates extra space inside your vehicle. Think about how much room is taken up with traditional tents and bedding... and think what you could do with that extra space? It may mean being able to take an extra person on your next trip. While your friends are dealing with the ropes, pegs and poles of traditional tents, your James Baroud rooftop tent is open and ready to use in less than 10 seconds. It just doesn't get any easier. Sleeping elevated away from rough ground on a comfortable foam mattress, screened from biting insects and unwanted pests, your cosy sleeping space is thoroughly waterproof, wind tested to 120 KM/hour and well ventilated. Fantastic for a weekend away fishing, surfing safari or an extended touring holiday.
